THE STORY: Roger has been one of five finalists for the Gwinnett Chamber of Commerce Small Business Person of the Year Award in both 2005 and 2006. In 2003, Green Financial Resources ranked as one of the top 20 financial planning firms in Atlanta according to the *Atlanta Business Chronicle*.

HOW I DID IT: Persistence, goal orientation and growing my knowledge have been key. Beyond that, I have invested in a support staff with skills I do not have, allowing me to focus on what I love and do best.

MY BEST ADVICE: My best advice would be to treat your occupation, whatever it may be, like you are working for God himself. Always give your best and always treat others with the respect and dignity you would like.

MY IDEA OF FUN: My idea of fun is varied – a beautiful day of golf with friends, cheering my sons on at wrestling meets, any activity with family, and traveling. I live a full life, packed with enjoyment!

WHAT I DREAM OF: I dream of a world where we all look for the good in each other, rather than focusing on the negative. One where all find reward in doing for others through their gifts of money, time or talent.

WHAT'S NEXT FOR ME: I will continue the focus on assisting as many people as possible with their retirement planning and will continue to use my gifts and influence to help others. I will also continue to prioritize time with my family.
