

Green Financial Resources, LLC

Roger Green

MSFS, CFP

"Retirement income planning is the focus of my classes at Gwinnett Technical College, radio program on WNIV, and work with individuals and companies."

Green Financial Resources ranked as one of the top 20 financial planning firms in Atlanta according to the Atlanta Business Chronicle; and was the only Gwinnett-based firm listed. Roger attributes GFR's success to his focus on retirement income distribution planning; planning for the "harvesting" of assets throughout retirement.
